## Explanation

**Words and figures inclosed in brackets [] are given for information, but do not appear on the title-pages of the publications catalogued. When size is not given octavo is to be understood. Size of maps is measured from outer edge of border, excluding margin. The dates, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays. When Congress and session are not given with the numbers of Senate and House documents and reports, 63d Congress, 3d session, is to be understood.**

# SALES OF GOVERNMENT PUBLICATIONS

The Superintendent of Documents, Washington, D. C., is authorized to sell at cost of paper and printing any United States public document in his charge, the distribution of which is not otherwise provided for.

Publications can not be supplied free to individuals nor forwarded in advance of payment.

Publications entered in this catalogue that are for sale by the Superintendent of Documents are indicated by a star (*) preceding the price. A dagger (†) indicates that application should be made to the Department, Bureau, or Division issuing the document. A double dagger (‡) indicates that the document is not obtainable. Whenever additional information concerning the method of procuring a document seems necessary it will be found under the name of the Bureau by which it was published. The Senate and House documents and reports are issued in limited editions and, unless otherwise indicated, may be obtained only through Members of Congress.

In ordering a publication from the Superintendent of Documents, give (if known) the name of the publishing Department, Bureau, or Division, and the title of the publication. If the publication is numbered, give the number also. Every such particular assists in quick identification. Do not order by the Library of Congress card number.

The accumulation of publications in this Office amounts to several millions, of which over a million are assorted, forming the sales stock. Many rare books are included, but under the law all must be sold "at cost," regardless of their age or scarcity. Many of the books have been in stock some time and are apt to be shop-worn. In filling orders the best copy available is sent. A general price-list of public documents is not available, but lists on special subjects will be furnished on application.

### MONTHLY CATALOGUE DISTRIBUTION

The Monthly catalogue is sent to each Senator, Representative, Delegate, Resident Commissioner, and officer in Congress, to designated depositories and State and Territorial libraries, to substantially all Government authors, and to as many school, college, and public libraries as the limited edition will supply.

Subscription price to individuals, $1.10 a year, including index. Back numbers can not be supplied. Notify the Superintendent of Documents of any change of address.

### LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the L. C. catalogue cards will be found at the end of the titles of the more important monographic documents. The figure following the card number (separated from it by a slanting line) indicates the number of cards required for entries suggested (title entry not included) on the cards. The price of the cards is 2c. for the first card and $\frac{1}{10}$c. for each additional card for the same title ordered at the same time. Remittances for the L. C. catalogue cards should be made to the Librarian of Congress. They can not be furnished by the Superintendent of Documents.

## INDEX

An Index to the Monthly catalogue is issued at the end of the fiscal year. This contains index entries for all the numbers issued from July to June, and can be bound with the numbers as an index to the volume. Persons desiring to bind the catalogue at the end of the year should be careful to retain the numbers received monthly, as duplicate numbers can not be supplied.

## HOW TO REMIT

Remittances for the documents marked with a star (*) should be made to the Superintendent of Documents, Washington, D. C., by coupons, postal money order, express order, or New York draft. Currency may be sent at sender's risk.

*Postage stamps, foreign money, defaced or smooth coins, positively will not be accepted.*

The coupon system has been reestablished. For the convenience of the general public, coupons that are good until used in exchange for Government publications sold by the Superintendent of Documents may be purchased from his Office in sets of 20 for $1.00. Address order to Superintendent of Documents, Government Printing Office.

No charge is made for postage on documents forwarded to points in United States, Alaska, Guam, Hawaii, Philippine Islands, Porto Rico, Samoa, or to Canada, Cuba, Mexico, or Shanghai. To other countries the regular rate of postage is charged, and remittances must cover such postage.

# Notes of General Interest

An attractive book listed in this catalogue is Report of Alaska investigations in 1914, by E. Lester Jones, Deputy Commissioner of Fisheries. It details the investigations made during the last year, and relates principally to the fisheries, although some attention is given to fur-bearing animals. The salmon industry is covered at length, with references to modes of catching, canning, and shipping, embracing the work of the Fisheries Bureau on propagation. Information relative to propagation, catching, and marketing of fur-bearing animals is given, including the famous silver fox; an interesting publication, rendered more so by the numerous fine photographic illustrations. Price, paper, 50 cents.

The Bureau of Mines has published a practical work as Bulletin 87, Houses for mining towns, with valuable hints on construction, planning, sanitation, etc., and articles on the selection of town sites and the arrangement of towns. Price, paper, 15 cents.

Bulletin 90 of the Bureau of Mines—Abstract of current decisions on mines and mining, Dec. 1913–Sept. 1914, by J. W. Thompson—is an adjunct to the legal literature of mining, covering minerals and mineral lands, mining operations, claims, leases, water rights, etc. Price, paper, 20 cents.

Technical paper 80 of the same Bureau—Hand firing soft coal under power-plant boilers, by Henry Kreisinger—is a practical dissertation on the proper handling of fuel with the object of increasing efficiency. Detailed drawings are supplied. Price, paper, 10 cents.

Bulletin 47, 1914, Bureau of Education, City training schools for teachers, by Frank A. Manny, outlines a training system having for its object improvement in the efficiency of teachers in both city and county. Price, paper, 20 cents.

Special agents series 91, Bureau of Foreign and Domestic Commerce—Pineapple-canning industry of the world—throws some light on an important and growing industry, covering the producing districts of the world, and notably our island possessions, Hawaii and the Philippines. The entry for this publication was in the Monthly catalogue for Jan. 1915, page 354. Price, paper, 5 cents.

Special agents series 93, issued by the Bureau of Foreign and Domestic Commerce—Canned-tomato industry in Italy—tells of the rapid strides the industry has made, and is interesting in connection with comparisons of the business as it is carried on in the United States. It embraces a description of the varieties cultivated, modes of culture, and methods of canning, with some interesting sidelights of value to American packers. Price, paper, 5 cents.

Special agents series 92 also relates to canned goods, bearing the title Canned-goods trade in the far East, and giving hints to American shippers by means of notes on demands, marketing, and suggestions for development in China, Japan, Siam, Straits Settlements, Dutch East Indies, Ceylon, Egypt, and the Philippines. Price, paper, 10 cents.

The Children's Bureau has published no. 3 of Infant mortality series—Infant mortality, results of a field study in Johnstown, Pa., for one year, by Emma Duke. It looks into such matters as relation of infant mortality to environment, nationality, mothers, feeding, sex, etc., with general tables. Price, paper, 20 cents.

Another interesting publication by the Fisheries Bureau is Bulletin, vol. 32, 1912, now available, containing articles on salmon, trout, fresh water mussels, and kindred subjects. Price, cloth, $1.85.

Protection from sudden devastation caused by frost is a vital question with horticulturists, especially fruit producers, and along this line the Weather Bureau has reprinted Papers on frosts and frost protection in the United States from the Monthly weather review of Oct. 1914, covering general considerations, conditions favorable to frost, selection of fruit and location, utilization of frost warnings, frost prevention, drainage, and other related matters.

Circular 46, Secretary's Office, Department of Agriculture, entered in this catalogue under Markets and Rural Organization Office, is Rules and regulations of Secretary of Agriculture under the United States cotton futures act of Aug. 18, 1914, construing the terms of the act, section by section, under five regulations headed definitions, disputes, spot markets, commercial differences, and publications, with full text of the act. Price, paper, 5 cents.

Bulletin 17, Copyright Office, Library of Congress, covers Decisions of the United States courts involving copyright, 1913–14, and is a valuable addition to the legal literature of copyright practice. Price, paper, 10 cents.

The Bureau of Standards is constantly adding to its technical library, and late issues are Scientific paper 241, Wheatstone bridge for resistance thermometry, price, paper, 20 cents, and Scientific paper 245, Temperature coefficient of magnetic permeability within the working range, price, paper, 5 cents.

The Bureau of Navigation, Department of Commerce, has issued a reprint of Radio communication laws of United States and the international radiotelegraphic convention, dated July 27, 1914, with addenda to the previous edition inserted. Price, paper, 15 cents.

Coffee is affected by fungus diseases, and the Porto Rico Agricultural Experiment Station has given the result of investigations thereon in Bulletin 17, Fungus diseases of coffee in Porto Rico. Price, paper, 10 cents.

The art of cooking has lately received much scientific and practical study, and the Bureau of Education has published Bulletin 1, 1915, Cooking in the vocational school as training for home making, by Iris Prouty O'Leary, as an adjunct to the teaching material on the subject, embracing instruction, courses and materials needed. Price, paper, 5 cents.

Mines Bureau Technical paper 95, Mining and milling of lead and zinc ores in the Wisconsin district, covers prospecting and mining methods, ore dressing, waste, accidents, and health conditions. Price, paper, 10 cents.

The Bureau of Chemistry has published a revision of Circular 61, How to kill and bleed market poultry, which gives concise directions for the killing of poultry in such a manner as to insure proper condition for marketing. Price, paper, 5 cents.

Public health bulletin 67, Transactions of the twelfth annual Conference of State and Territorial Health Officers with the United States Public Health Service, Washington, D. C., June 16, 1914, is really the minutes of the meeting, including morbidity returns, sanitation of public conveyances, quarantine, and transportation of tuberculous persons, with discussions. This was listed in the January Monthly catalogue. Price, paper, 10 cents.

The annual report of the Secretary of the Treasury on the state of the finances for fiscal year ended June 30, 1914, covers all Governmental finance, containing a general report, with articles on special topics, such as the European war crisis, and Reports of the Treasurer, Director of Mint, Comptroller of Currency, Register, and Commissioner of Internal Revenue, with accompanying tables. Price, cloth, 55 cents.

The annual report of the Commissioner General of Immigration is of unusual importance by reason of the current interest in the subject covered. It contains 408 pages of matter, and gives a clear insight into immigration conditions. This, also, was entered in the catalogue for Jan. 1915. Price, paper, 30 cents.

The War Department, Office of Quartermaster General, published in January a Report on fuel tests and issue of fuel, 1914, covering Army practices, tests, instructions, etc., with some interesting maps showing zones of equal temperatures. Price, cloth, $1.00.

Entomology Bureau Bulletin 94, pt. 2, is a part of the Insects injurious to forests and forest products series, entitled Biology of the termites of eastern United States, with preventive and remedial measures, and deals with forest preservation through the eradication of destructive insects. Price, paper, 20 cents.

The first annual report of the Federal Reserve Board, for period ending Dec. 31, 1914, is out, covering organization, problems, and work of the Board. It is of interest because it gives first glimpses of the workings of our new financial system. Price, paper, 15 cents.

The Catalogue Division, Library of Congress, has published a List of American doctoral dissertations printed in 1913. Price, cloth, 30 cents.

Supplement 18 to Public health reports—Malaria, lessons on its cause and prevention, for use in schools—contains practical instruction for school teachers, instructing pupils as to common diseases, their cause and prevention. Price, paper, 10 cents.

Geological Survey Water-supply paper 338, Springs of California, is a 410 page article on the subject, embracing physical features, natural waters, and analyses. A comprehensive work. Price, paper, 60 cents.

The Distribution of fish and fish eggs during the fiscal year 1914, issued by the Bureau of Fisheries, gives an idea as to the extensive work of the Bureau in the general conservation of the fisheries. Price, paper, 15 cents.

Supplement 31a to Commerce reports is a report from Consul Walter F. Boyle on the Ceiba District, Honduras, embracing harbor facilities, climatic conditions, railroads, steamship connections, effect of European war, exports, etc.

The latest issues now available of bound series published by the Government are as follows:

Index-catalogue of library of Surgeon General's Office, United States Army, authors and subjects. Second series. Vol. 19, U-Uzielli. Price, cloth, $2.00.

Treasury decisions under customs and other laws, vol. 27, July-Dec. 1914. Price, cloth, $1.50.

Interstate Commerce Commission reports, vol. 30, Mar.-June, 1914. Price, cloth, $1.50.

Mineral resources of United States, pt. 2, Nonmetals, 1913. Price, cloth, $1.25.

Journals of the Continental Congress, vol. 23, Aug. 12-Dec. 31, 1782. Price, cloth, $1.00.

Addition to the series of Special circulars issued by the Department of Agriculture: Cowpeas in the cotton belt.

### JITNEY BOOKS

Some of the most valuable publications of the Government are issued in pamphlet form, usually treating some current subject practically, conveying in a nontechnical manner information readily understood, and besides, the form of publication places the information within reach of all, the price usually being 5 cents.

In this class are the reprints from the Public health reports, the Farmers' bulletins, the Bulletins of the Department of Agriculture, and the monographs issued by the Indian Affairs Office. Notable additions to these series follow.

REPRINTS FROM PUBLIC HEALTH BULLETINS

Reprint no. 246. Tuberculosis: the Home Hospital experiment. A short treatise on the treatment of this dreadful disease, especially in its incipiency, in a home hospital, preserving the family life as far as possible, and suggesting treatment looking toward prevention of spread, as well as toward the cure of individual cases. Price, paper, 5 cents.

Reprint no. 249. The spread of tuberculosis: report on the spread of infection in certain tuberculous families in five counties in Minnesota. A study of the liability of contagion among those exposed to the disease by reason of family affiliation. Price, paper, 5 cents.

Reprint no. 247. Sewage disinfection for vessels and railway coaches. Examining into precautionary sanitary measures at a source which is said to be a most prolific means of spreading all varieties of disease. Price, paper, 5 cents.

Reprint no. 241. Trachoma in schools of Porto Rico. A paper on the cause, dissemination, and prevention of this dangerous eye disease in one of our insular possessions. Price, paper, 5 cents.

Reprint no. 251. Rocky Mountain spotted fever: a report of its investigation and of measures undertaken for its eradication during 1914. A continuation of a series of studies made by the Public Health Service for a number of years. Price, paper, 5 cents.

Reprint no. 243. The tuberculosis problem in rural communities: its modern aspect and the duty of health officers. A further adjunct to the extensive work on tuberculosis carried on by the Public Health Service, having in mind the prevention of spread by municipal preventive measures on the part of officials. Price, paper, 5 cents.

Reprint no. 237. School hygiene: report of sanitary inspection of rural schools of east Tennessee and northern Georgia, detailing the results of observations made in connection with a vital question. Price, paper, 5 cents.

Reprint no. 250. Sickness insurance, its relation to public health and the common welfare. A concise statement of a comparatively new idea. Price, paper, 5 cents.

Reprint no. 228. Treatment and prevention of pellagra, is also along the general line of eradication by prevention. Price, paper, 5 cents.

Reprint no. 248. Impounded waters, their effect on the prevalence of malaria, survey at Blewetts Falls. This forms part of a general investigation of the subject. Price, paper, 5 cents.

Supplement 21 to Public health reports. Scarlet fever: its prevention and control. A very important work on account of the "popularity" of the disease. It is especially practical in its consideration of effective means of preventing spread. Price, paper, 5 cents.

BULLETINS OF THE DEPARTMENT OF AGRICULTURE

Department bulletin no. 136. Highway bonds. A compilation of data and an analysis of economic features affecting construction and maintenance of highways financed by bond issues, and the theory of highway bond calculations, giving impetus to the good roads movement by furnishing information relative to the financial aspect of the situation. Price, paper, 25 cents.

Department bulletin no. 187. Preliminary census of birds of the United States. The result of a movement inaugurated in 1914, and pointing toward the accomplishment of a seemingly impossible task, outlining the plan and its results. Price, paper, 5 cents.

Department bulletin no. 177. The production and consumption of dairy products—contributed by the Bureau of Crop Estimates. A statistical review of the subject, with remarks on the influencing factors. Price, paper, 5 cents.

Department bulletin no. 182. Agricultural alcohol, studies of its manufacture in Germany, contributed by the Bureau of Plant Industry, covering this valuable commodity from standpoints of problem of manufacture, the economic situation, capacity, taxes, marketing, sources, etc., with statistics. Price, paper, 5 cents.

Department bulletin no. 152. The eastern hemlock, contributed by the Forest Service, embracing the range, commercial value, utilization, amount standing, and statistics of this valuable forest product. Illustrated. Price, paper, 10 cents.

Department bulletin no. 171. Food of the robins and bluebirds of the United States, contributed by the Biological Survey. A study of the food habits of these harbingers of spring, having in view their preservation in connection with their economic value as insect destroyers. Illustrated. Price, paper, 5 cents.

Department bulletin no. 167. Para-dichlorobenzene as an insect fumigant, contributed by the Bureau of Entomology. An addition to research work on the subject of prevention of insect depredation, giving cost and directions for use of the fumigant. Price, paper, 5 cents.

Department bulletin no. 164. Field test with a toxic soil constituent—vanillin, contributed by the Bureau of Soils. Vanillin is a usually harmful element in soils, and this paper is a dissertation on its effects upon growing plants, including some of our most valued garden products. Illustrated. Price, paper, 5 cents.

Department bulletin no. 166. Ophthalmic mallein for diagnosis of glanders. Embraces directions for the preparation and use of mallein in the treatment of this widespread disease of horses. Price, paper, 5 cents.

### FARMERS' BULLETINS

Farmers' bulletin no. 651. The agricultural outlook, Feb. 6, 1915. One of a series designed to take the place of the Crop reporter, giving statistics and estimates covering all kinds of farm products. Price, paper, 5 cents.

Farmers' bulletin no. 643. Blackberry culture. Gives cultural directions and varieties. Price, paper, 5 cents.

Farmers' bulletin no. 642. Tomato growing in the South. Treats of culture, soils, fertilizers, diseases, varieties and prices. Price, paper, 5 cents.

Farmers' bulletin no. 630. Some common birds useful to the farmer. An interesting and practical work on the value of certain well-known birds as insect destroyers, based on feeding habits, giving description, habitat, etc., with interesting pictures. Price, paper, 5 cents.

### OFFICE OF INDIAN AFFAIRS

Trachoma, its cause, prevention, and treatment. This work states that trachoma is virtually chronic throughout the civilized world, and characterizes it as one of the most destructive of eye maladies, and treats practically on the prevention of spread, treatment, and examinations for the detection of its presence. Price, paper, 5 cents.

### CORRECTION FOR JANUARY, 1915, MONTHLY CATALOGUE

## MARKETS AND RURAL ORGANIZATION OFFICE

NOTE.—The Markets Office was organized May 16, 1913, as a branch of the Secretary's Office, under authority of a paragraph in the miscellaneous section of the agricultural appropriation act approved Mar. 4, 1913.

In cooperation with the General Education Board of the Rockefeller Foundation, the Rural Organization Service of the Agriculture Department was organized in the fall of 1913. The work of this Service consisted of investigations in regard to the organization of agricultural communities upon a cooperative basis for the improvement of rural credit, educational, social, and hygienic conditions. The Service was financed by the General Education Board from the time of its organization to June 30, 1914. On July 1, 1914, the work of the Rural Organization Service was entirely taken over by the Agriculture Department under the authority contained in a paragraph among the miscellaneous appropriations of the agricultural appropriation act approved June 30, 1914.

Later the work of the Markets Office and of the Rural Organization Service was combined by the Secretary of Agriculture in one office, which was designated by him as the "Office of Markets and Rural Organization." The office at that time was established on the same footing as other bureaus and independent offices of the Department. It consists of "Marketing and Distribution Investigations" and "Rural Organization Investigations," both under the direction of the same administrative officer.

### *Topographic sheets*

NOTE.—The Geological Survey is making a topographic map of the United States. The sheets of which it is composed are projected without reference to political divisions, and are designated by some prominent town or natural feature found on them. Three scales are ordinarily used, 1 : 62,500, 1 : 125,000, and 1 : 250,000. These correspond, approximately, to 1 mile, 2 miles, and 4 miles to 1 linear inch, covering, respectively, average areas of 230, 920, and 3,700 square miles. For some areas of particular importance special large-scale maps are published. The usual size, exclusive of the margin, is about 17.5 inches in height by 11.5 to 16 inches in width, the latter varying with the latitude. A description of the topographic map is printed on the reverse of each sheet.

Nearly two-fifths of the area of the country, excluding outlying possessions, has been mapped, every State being represented. Massachusetts, Connecticut, Rhode Island, New Jersey, and the District of Columbia are completely mapped. Sheets of the regular size are sold by the Survey at 10c. each; but in lots of 50 or more copies, whether of the same sheet or of different sheets, the price is 6c. each. In no case can orders be filled at the wholesale rate unless the sum remitted solely for topographic maps amounts to at least $3.00.

### TOPOGRAPHY DIVISION

NOTE.—Since February, 1908, the Topography Division has been preparing rural-delivery maps of counties in which rural delivery is completely established. They are published in two forms, one giving simply the rural free delivery routes, starting from a single given post office, sold at 5 cents each; the other, the rural free delivery routes in an entire county, sold at 20 cents each. A uniform scale of 1 inch to 1 mile is used. Editions are not issued, but sun-print copies are produced in response to special calls addressed to the Third Assistant Postmaster General, Finance Division, Washington, D. C. These maps should not be confused with the post route maps for which see Monthly catalogue for January, 1915, page 394.

## SMITHSONIAN INSTITUTION

NOTE.—In its latest price-list the Smithsonian Institution publishes this notice: "Applicants for these publications are requested to state the grounds for their requests, as the Institution is able to supply papers only as an aid to the researches or studies in which applicants are especially interested. The papers included in this list are distributed *gratis*, except as otherwise indicated. Publications should be ordered by the *publication number*, and arranged in sequence. The serial publications of the Smithsonian Institution are as follows: 1, Smithsonian contributions to knowledge; 2, Smithsonian miscellaneous collections; 3, Smithsonian reports. No *sets* of these are for sale or distribution, as most of the volumes are out of print. The Contributions to knowledge and Miscellaneous collections are distributed without charge only to

public libraries, learned societies, institutions, and specialists in this country and abroad. The Smithsonian reports are regularly distributed by the Institution to libraries throughout the world, and only a limited number of the volumes remain to supply other demands. No general mailing-list of individuals is maintained. The reports can be purchased from the Superintendent of Documents, Government Printing Office, Washington, D. C. Remittances for publications not distributed gratuitously should be made payable to the 'Smithsonian Institution.' Applications from libraries should be accompanied by a statement of the number of volumes which they contain and the date of their establishment, and should have the endorsement of a Member of Congress."

The annual reports are the only Smithsonian publications that are regularly issued as public documents. All the others are paid for from the private funds of the Institution, but as they are usually regarded as public documents and have free transmission by mail they are listed in the Monthly catalogue.
